

Dear Stevenson Tree Care Customers,

I have exciting news to share with you!

I have joined **The Davey Tree Expert Company**. Davey Tree is a well-established, employee-owned company that has provided expert tree care since 1880. I will continue **living in and serving Decorah IA, and the surrounding area**. This move is part of my ongoing commitment to providing you with the highest level of tree and plant health care services. This change allows me to continue being your go-to Decorah based, ISA Board Certified Master Arborist, while having fully staffed and expertly trained tree care and Plant Health Care (PHC) crews to serve your properties.

Though I'm now working with Davey Tree, **you can still reach out and work with me directly** for all your tree and plant health care needs. With Davey's extensive resources and support, I am now even better equipped to deliver expert care and personalized service.

What this means for you:

- You'll continue to receive the same knowledgeable and reliable service you've come to expect.
- With Davey's support, there are now even more tools and options available to help keep your landscape healthy and beautiful.
- Whether it's a question, an estimate, or service scheduling – **I will remain your go-to contact and will continue to meet with you at your property to discuss your needs.**

Feel free to reach out to the office at 563-382-3810 or email Drew.Stevenson@davey.com. I'm looking forward to continuing to work with you in this exciting new chapter.

Thank you for trusting me with the care of your trees. Please do not hesitate to reach out with any questions!

Sincerely,

Drew Stevenson
